Subject: Petition to Revive an Abandoned Application

Dear Madam,

Reference is invited to my patent application no. 10/735,333 (Filing Date 12/12/2003) and Notice of Abandonment under 37 CFR 1.137, mailed on 01/06/2005.

It is to bring to your kind notice that the Notice of File Missing Parts mailed on 04/27/2004, referred in the Notice of Abandonment was never received at this end. Upon receiving the Notice of Abandonment, I called your office and Mrs. Robinson had kindly faxed the Notice of File Missing Parts on 01/18/2005.

As advised by your office, in our telephone conversation of Jan 26, 2005, I have addressed the issues raised in the Notice of File Missing Parts and the corrected application papers are enclosed herewith.

It is now hereby requested that the above application (no. 10/735,333: Filing Date 12/12/2003) be kindly revived.

Please advise if any more requirements need to be met towards correction and completeness of this application.

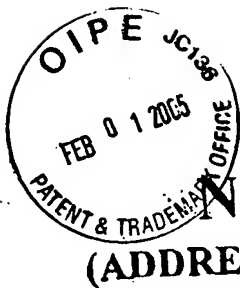

Respectfully submitted,

1

Abhinav Aggarwal
